

## News From Brazil!

---

We have prayed that God would do miracles amongst us and today I am sure we have witnessed one. Paulinho, our oldest boy, was today granted a one-year visa to study on a full scholarship in Norway in a Christian arts and music college!

He will leave on August 13th!

Paulinho, that's right, Paulinho! That dirty little ragamuffin, timid and so angry, hopeless and lost ... today has a WHOLE future - a gift from God! A miracle!

Now we pray for his family whose present situation is a whole other story - we pray that our work to try and have his mother re-housed by the government will work so that Paulinho's restoration can continue to spread through his family.

But today we say THANK YOU JESUS for your faithfulness, your love and your dreams ... so much bigger than ours!

Thank you all for your prayers . . . praise HIM!

Please continue to pray for us in all things,

Peter, Selma and all of us here in Fortaleza
